RE: EPA-R8-2014-003446

Dear Ms. Mushock:

This is in response to your Freedom of Information Act request in which you requested information on contamination issues at the Great Falls Community Food Bank, 1620 12<sup>th</sup> Avenue North, in Great Falls, Montana.

Information on the cleanup can be found by contacting Lillian Sunwall of the Great Falls Development Authority (GFDA). Lillian is the project manager of GFDA's Brownfields Revolving Loan Fund (RLF) Grant, which was used to provide a \$27,885 subgrant for asbestos cleanup at Food Bank property. Her phone number is (406) 771-9024 and her email is [lsunwall@gfdevelopment.org](mailto:lsunwall@gfdevelopment.org). I also recommend that you contact the property owners if you have not done that yet.

You can also search for the property on the Cleanups in my Community public database (<http://ofmpub.epa.gov/apex/cimc/f?p=cimc:63>). Information on this public database will show that the site was cleaned up, the amount of funding EPA provided, plus other information about jobs and redevelopment dollars leveraged.

The billing for your request will be sent under separate cover from our finance office in Cincinnati, OH. Following is a breakdown of costs:

Search time 30 minutes @ \$7.00/15 minutes	\$14.00
Review time 15 minutes @ \$7.00/15 minutes	<u>7.00</u>
Total	\$21.00

If you have any questions regarding this response, please contact Debbie Clevenger of my staff at 406-457-5004. This concludes our responsibilities under the Freedom of Information Act.

Sincerely,

  
Julie A. DalSoglio, Director  
Montana Office
